## **Millennials and Mission: A Generation Faces a Global Challenge**

Within this densely populated area, stairs are a crucial typology of vernacular pedestrian infrastructure that have received relatively little public or scholarly attention with respect to their role in creating and sustaining Hong Kong as a walkable city with a unique 'Stair Culture'. The substance of the thing tends to fall apart the more it is examined, too, especially with the claims made so often these days of things that cannot really be substantiated at all, or which are supported by the worst kinds of evidence.
